

Establishment of Physical GAD Corner

Apart from this online GAD Corner, CFO has set-up a Physical GAD Corner in its Manila Office. This GAD corner will give access to CFO personnel, representatives from partner agencies or organizations, researchers, and students to CFO's collection of GAD knowledge materials and its related programs, projects and activities.

The Physical GAD Corner contains the equivalent reference materials that are featured in the online GAD Corner, thereby enhancing the readiness of CFO to expose and introduce the GAD efforts and concepts to the public.

The consolidation of the reference materials from various sources in CFO's Physical GAD Corner aims to reinforce consciousness and sensitivity on gender issues towards developing gender-related advocacies and programs that would elevate the integration of gender concepts across all sectors.
